Laura has 15 years of experience in global mobility design, operations, and enhancement. Having held prominent roles at both accounting and payroll organizations, Laura now offers a unique perspective on cross-border payroll considerations and process optimization to her clients at Deloitte.

Most recently, Laura focuses on digital transformation opportunities, including the potential to enhance payroll accuracy and efficiency through robotics process automation (RPA).

Laura holds a Global Professional in Human Resources (GPHR) certification as well as a Bachelor of Arts (BA) degree from Austin College.
